Re Objection award recommendation New St. Maarten  
Hospital

Dear Mr Carty,

After sending our letter dated 16 September 2016, we learnt today from the media that SZV has nevertheless concluded a contract with INSO. We hold SZV fully responsible for this decision which was taken after you received our notice that a court procedure would be initiated. The court may even decide that signing a contract pending the execution of a court procedure shows no respect for the legal framework and confirms our client's suspicions that SZV is not willing to render account for its actions.

A copy of the court request that was submitted on 19 September 2016, was sent to you by e-mail on 19 September 2016. Please note that this request also includes a prohibition to give execution to a contract if it would be signed. Our client holds SZV fully responsible for all damages as a result of signing and executing the contract and not awarding the contract to VAMED.

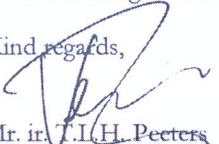

Please note that as a result of the court procedure, SZV may be required to dissolve the contract. Therefore, we will also send a copy of this letter to INSO in order to inform them of

We also request you to send us a copy of the signed contract in order to verify its compliance with the tender procedure. We request you to send us a copy of the contract and also the information requested in our letter dated 16 September 2016 within 7 days after receipt of this letter.

We are looking forward to your reaction.

Kind regards,

Mr. ir. T.I.H. Peeters  
Attorney at law
