Dear Mr. Peterson,

The Princess Juliana International Airport Operating Company N.V. (PJIAE) has requested permits to build a temporary office for Meteo operations, a Fire and Rescue Building and a building for Fixed Base Operations (FBO) on land owned by the Princess Juliana International Airport Holding Company N.V. (PJIAH). However, the building permit applications are incomplete, and therefore cannot be processed, as they have not been signed by the land owner, PJIAH.

On behalf of the shareholder of the PJIAH, I hereby request the following information to ensure a comprehensive assessment of the matter in question:

- What has been the process followed for the permit requests?; provide a timeline of when documents were submitted and decisions were taken by all relevant stakeholders;
- Provide clarity on the bidding process for the design and complete construction of the buildings; include copies of the terms of reference and the bids submitted;
- Submit copies of any signed contracts pertaining to the design and complete construction of the buildings;
- Submit a written assessment from an independent company of the estimated costs mentioned in the building permit requests and a detailed breakdown of the estimated costs and any additional costs that can be expected;

Kindly submit the requested information within three (3) weeks from the date of this letter.

Sincerely,

PRIME MINISTER OF ST. MAARTEN

Marcel F.A. Gumbs

Cc.: Council of Ministers, Supervisory Board of PJIAH N.V.
