FACILITIES AND COURSES OFFERED

a Mode of learning

Please familiarise yourself with the below modes of study as you will be required to select the study mode you are offering in section c and d.

Face to face

This is for those learning providers that offer full or part time classroom-based tuition delivered at a learning provider's premises. Full time tuition typically takes place over a period of several weeks or months. For the duration of the course, students may be taught one or more of ACCA's examinations, learning the syllabus and applying the knowledge acquired through question practice and mastering examination techniques.

Online learning

This is for those learning providers that offer courses that are primarily accessible online. Learning can take place at any geographical location and students can learn at their own pace with 24/7 access. Students are offered the full online learning experience. For example, students should expect to have access to live or pre-recorded lectures, while supported remotely by tutors or subject area experts. Online courses are structured and offer recommendations for the most effective ways to achieve optimum results, including coursework and mock examination requirements. Students should have the flexibility to organise their study and attempt any coursework in their own time. If teaching is solely undertaken face to face with supplementary support online, this would be considered face to face tuition.

Blended learning

This is for providers that offer a learning experience that combines face to face tuition and online learning through access to live or pre-recorded lectures in a single course. Participation in both elements of the tuition is necessary to complete the course and students can access their tuition both face to face and online.

Please note that if you teach ACCA students in a face to face environment but you supplement this by adding materials to an online location, ACCA considers this to be face to face delivery.

Dear Patricia,

Thank you for your interest in our Approved Learning Partner programme.

As an awarding body, we rely on our global network of third party learning providers to help our students prepare for their exams. If you wish to start teaching our qualifications you **do not** need to obtain permission to run courses before commencing tuition.

You may however wish to consider working towards approval under our Approved Learning Partner programme, which is a quality-assurance programme that aims to recognise high-quality learning providers who can prove that they meet our performance targets, representing global best practice in the provision of ACCA course tuition and support.

To find out more information about the levels within the programme and which one is suitable for your institution, please visit <http://www.accaglobal.com/uk/en/learning-provider/approved-learning-partner.html>.

You can learn more about the performance targets and the Approved Learning Partner programme at <http://www.accaglobal.com/uk/en/learning-provider/approved-learning-partner.html>

Subject: Silver Learning Partner Application: Taxes R Us

Good evening to all,

I have submitted my application for Approved Learning Partner and to date have not heard back from your office on my status.

I have currently 9 students enrolled to start classes, but since I have not received my status of ALP, I am only teaching my other classes.
